STATE-MANDATED CME CONTENT REQUIREMENTS

CME Requirements At-A-Glance

Renewal Cycle:

[Annual - Based on DOB](#)

State-Mandated CME Requirements:

- [75 Category 1 CME every three years](#)
- [2 Prescribing Practices](#)

State-Mandated CME Content Detail

Each licensed physician must obtain 75 hours of continuing medical education (CME) category 1 credit every three years as a condition of licensure renewal. The Board accepts (re)certification or current Maintenance of Competency issued by ABMS, RCPSC or AOA in lieu of CME.

Newly

licensed physicians commence their three-year cycle on their birth month following the initial date of licensure. Physicians under Emeritus registration and licensees in full-time residency or fellowship training at a professionally accredited facility are exempt from the continuing medical education requirement. The Board of Medical Practice requires that licensees with the authority to prescribe controlled substances obtain at least two hours of continuing education credit on best practices in prescribing opioids and controlled substances between between Jan. 1, 2020 and Dec. 31, 2022, including nonpharmacological and implantable device alternatives for treatment of pain and ongoing pain management, as part of the continuing education requirements for licensure renewal. Continuing education credit on best practices in prescribing opioids and controlled substances must meet board requirements. Physicians are advised to confirm [requirements](#) with the Minnesota Board of Medical Practice (MBMP).
